

MyTreehood

Welcome to our very first newsletter, a small seasonal "hello" from our orchards!

A Gift that Keeps on Giving

It is the festive time of year, where most of us are frantically finishing up projects, decorating our homes, making last minute holiday bookings and rushing to shops to buy Christmas gifts.

But what better gift to give than a very own pistachio tree (we may say this with a little bias), growing under the Spanish sun, nurtured by our farmers' love and water?

And better yet- a bag full of delicious pistachios delivered to your door, year on year!

Did You Know?

Pistachios are technically seeds, not nuts, and have been enjoyed for thousands of years, with evidence of their consumption dating back 9,000 years.

They are also related to mangoes and poison ivy, get their colour from antioxidants, and have been considered a food for royalty. So buy your tree and eat like a king (or queen)!

White Chocolate Cranberry & Pistachio Bark

A simple, no-bake recipe for the festive season.

- Ingredients: White chocolate, dried cranberries, and pistachios kernels.
- Instructions:
 - a. Melt the white chocolate.
 - b. Mix in most of the cranberries and pistachios.
 - c. Spread the mixture onto a parchment-lined baking sheet.
 - d. Sprinkle the remaining cranberries and pistachios on top.
 - e. Let it harden in the fridge, then break into pieces.

Enjoy and thank us later!

Coming Up in 2026

- Fresh updates from our sunny Spanish orchards
- Invitation to our events including joining us at the orchard during harvest (September 2026)
